## PREPARATIONS ARE MADE BY TEUTONS FOR SERBIAN MOVE

### BAYONET BATTLE IN THE STREETS OF BELGRADE

Serbs are Fighting Stubbornly, and are Yielding Ground Only Step by Step

(By Associated Press.)  
BERLIN, Oct. 11.—All the German and Austrian forces gathered on the Danube front for the invasion of Serbia, have crossed the Danube and are attacking to the south of Belgrade, which they captured last week. For two days a terrific battle with bayonets raged in the streets before the capture of Belgrade was completed. British officers are directing the movements of the Serbians.

(By Associated Press.)  
LONDON, Oct. 11.—The Serbians are expected by military observers to make a decided stand north of the mountains of Kraguevatz, 50 miles south of Belgrade. These form ad-

## THIRD GAME OF SERIES WON BY BOSTON TEAM

Philadelphia	1	2	3	4	5	6	7	8	9	R	H	E
Boston	0	0	1	0	0	0	0	0	1	3	0	0
	0	0	0	1	0	0	0	1	2	6	1	

(By Associated Press.)  
BOSTON, Oct. 11.—The Boston Americans again turned the trick with a ninth inning finish, defeating the Philadelphia National pennant winners by the score of 2 to 1, before an audience of 43,500 people, the largest crowd that ever saw a world series game. "Dutch" Leonard, the Boston pitcher, held the Philadelphia batters helplessly throughout the game, permitting them to score in only one inning. Speaker's batting for Boston

## BAD CHECK MAN DOES BIG BUSINESS IN RENO

Al G. Drexler was arrested in Reno by Chief of Police Hillhouse after he had passed worthless checks to the extent of \$1500 on Reno business men. He had in his possession a certifying stamp and a perforator and wrote checks on a San Jose bank. He purchased \$500 worth of jewelry from the Ginsberg company and gave a check for \$500, saying that he would pay the balance tomorrow. He gave Bob Preston a check for \$100 and got all cash for it, and made a small purchase. He then made a partial bargain to purchase the Tavern saloon, owned by Preston. He gave Mayor Hyington a check for \$300 to give a bargain for a house and lot. Gave Grey, Reid, Wright company a check for \$100 for clothing and received in change \$33. Jack Steele was also given a check in exchange for the payment of a bill and he got \$75 in return in change.

## THIS IS THE EVENING FOR THE GRAND MASQUERADE PARTY

The local of the American Federation of Musicians, to which the Tonopah Military band belongs, will give its annual masquerade ball this evening to the Miners' Exchange hall. It will be one of the big annual affairs in Tonopah's social life and there is every assurance that everybody who cares for pleasure will be present. The band appeared on the streets yesterday afternoon and also played in the Butcher theater last evening and this afternoon will give another concert to advertise the event.

## SANTUCCI STILL AT LARGE

Sheriff Sivani still has a posse in search of Santucci, who shot McFarland and Chase at Manhattan last week. The chances to capture the gunman are growing slim. It is almost a certainty that he is hidden away by friends, who will spirit him out of the country after the vigilance of the officers is believed to have relaxed. Both the injured men are doing well, despite the seriousness of their wounds.

## ENTERTAINMENT PLANNED FOR THE HIGH SCHOOL

"Please, sir, will you buy a ticket for the high school entertainment? They're only four bits and there's going to be speaking, and singing, and a fellow is going to recite Shakespeare's plays, and he has scenery to fix up the auditorium stage, and he dresses up in fine robes and wears whiskers, and acts just like Caesar, and Shylock, and all those guys. Yes, sir—four bits—thank ye, sir."

So runs the spiel that every high school student is coached to rattle off during the next few days. To sell a ticket means so much money in the student body treasury, and a fair treasury means good large athletic schedules that advertise Tonopah all over the state as a live educational center. It means an opportunity to publish the best "Prospecter" ever put out, and it means above all a united student body working together for Tonopah. For all these results the entertainment is worth while.

At regular periods during the winter the student body will give these public entertainments, and the program will be made up largely by members of the high school. It is supposed to

## TOWN TEAM LOSES TO HIGH SCHOOL ELEVEN

WEIGHT AND EXPERIENCE FAIL TO COUNT AGAINST GOOD GENERALSHIP

Good team work, excellent generalship, and the sort of fight that shows no quarter, proved of no avail against the weight and individual experience of the town team, for in Saturday's game the high school team was forced to leave the field with only the short end of a 12 to 6 score to show for a hard afternoon's work.

Austin James, captain of the town team, showed great shrewdness in the selection of his back field. Zenia, right half, was easily the star of the game. The ball in his hands meant a sure gain. Cross' weight made him a very dangerous man for the high school line to handle. His plunges were fierce and destructive and go for gains always. Lessee, town team tackle, had a way of breaking through the line and harassing the high school backs that was hard to figure out. These three men beat the high school, but showed toward the end the results of overwork.

The high school team work was fairly good, although the line proved weak on defense. The back field did very good work, and aside from a certain roughness all plays were well executed.

Both scores for the town team were made by Cross, on terrific line plunges. George "Buckley" Ryan scored three field goals for the high school—the first a very pretty one from the 20-yard line, and the second a very lucky one from the 15-yard line. Ryan's playing was a feature of the high school's work. Captain Murphy, O'Connell, Bowler, Pollard, and Parker are deserving of special comment for many excellent plays.

Bowler suffered a sprained ankle during the last quarter, and was replaced by Bahor. Bahor, though light, is a heavy player, and very aggressive.

## RIGID INSPECTION OF MEAT IS THE PLEA

PRESIDENT FOLIN DELIVERS ADDRESS BEFORE CONVENTION OF PACKERS

(By Associated Press.)  
ST. LOUIS, Oct. 11.—A plea for more rigid inspection of meats and for further co-operation with the department of agriculture was made to the delegates to the tenth annual convention of the American Meat Packers' association by its president, John J. Folin, at the opening session here today.

"Don't blame the department of agriculture for all your troubles. It is doing a great work and doing it well," said President Folin, "and it is your greatest help and best friend. It cannot extend its work without increased appropriations. Help it to obtain them by appeals to your congressmen."

Losses sustained by the farmers through the foot and mouth disease, the president said, had been compensated, but the packers had been compelled to bear the full loss on diseased cattle condemned at the plants.

"This is manifestly unfair," said Mr. Folin, "as the packers' losses were not sustained in the usual course of business but as the result of an epidemic, and the animals were condemned for the public welfare. If the farmer is paid for the loss of his animals, the packer should be paid also."

The speaker declared that the packers should join in a movement which would result in the thorough cleansing of every meat market to prevent the spread of epidemics.

British naval activities and several domestic questions were discussed in the report of the executive committee presented by its chairman, Fred Kroy, reviewing the association's activities during the year.

"The practical closing of European neutral ports to our trade is a very serious matter if maintained," said the report. "The recent decision of the British prize court, confiscating certain cargoes of meat food products, will have a far reaching effect, and if these usual customers are forbidden to take our products there will be a resultant supply in this country which will react upon the livestock industry."

The efforts of the association to defeat the proposed advance in freight rates on livestock and meat products was touched on, and special attention was directed to the danger of disease in dairy products.

"The national government has done absolutely nothing toward the eradication of tuberculosis in live stock," said the report. "Congress seems to be afraid to legislate upon the subject because of the 'farmer vote.'"

James A. Agar, chairman of the committee to confer with government officials, reviewed conferences with

## TODAY AND A YEAR AGO

Official readings of the thermometer by the United States observer at Tonopah:

	1915	1914
5 a. m.	31	38
9 a. m.	39	42
12 noon	44	50
2 p. m.	50	56
Relative humidity at 2 p. m. today, 23 per cent.		

## STEAMER MARITIME IS SOLD AT AUCTION

PRIZE SHIP BRINGS HIGH VALUE, EVIDENCE OF A BOOM IN SHIPPING

(By Associated Press.)  
LONDON, Oct. 11.—The steamer Maritime, 5,536 tons, which was the North German Lloyd steamer Schlieffen before she was captured as a British prize, recently brought at auction the price of \$600,000, an increase of \$275,000 over her price six months ago.

A profit of \$275,000 on a ship costing \$325,000 indicates the extent of the present shipping boom. Even a half year ago vessels were selling at a premium. But the present boom breaks all records in the history of shipping. There have been other sales as remarkable of late. One steamer, which was bought for \$225,000 at the beginning of the war, was sold for \$500,000. A Copenhagen owner who last January bought a 4234-ton steamer for \$41,500 resold her this month for \$260,000.

These vessels are freighters and not passenger vessels. Except when let to the government on charters as transports, passenger ships are not particularly profitable. But the exaggerated price for freighters, often far exceeding the cost price of superannuated ships, is due to the expectation of huge profits.

The clean sweep from the seas of German and Austrian vessels aggregating over four million tons, left an unprecedented chance to rivals. Neutral countries, especially the Scandinavian countries, have the advantage over England and France, owing to their comparative immunity from submarine attacks.

## AMERICAN BUILDERS' WEEK AT PANAMA-PACIFIC

(Special to the Bonanza.)  
SAN FRANCISCO, Oct. 11.—More than 50,000 builders, representing every department of construction work from excavating to roofing and all lines of business dependent upon building operations, are coming to this city to take part in American Builders' Week, October 18 to 23. From the opening day to the last, the celebration of the achievements of the modern builders will continue without interruption. It will be the first gathering of its kind ever held and builders are coming from the Atlantic coast, from the states of the south, from the northwest and middle west to take part in the mammoth demonstration.

## EDWARD WHITE WILL BE IMMIGRATION COMMISSIONER

(By Associated Press.)  
SAN FRANCISCO, Oct. 11.—Edward White of Watsonville will be the next commissioner of immigration at San Francisco, according to information given out today. The appointment, however, is yet to be officially made by the president. Samuel Backus, the Taft incumbent, has overstepped his appointment by some months and White's appointment is expected soon. White was the defeated candidate for the Democratic nomination for governor in last spring's primaries.

## CALIFORNIA GOVERNOR WANTS PRESIDENT WILSON TO COME

(By Associated Press.)  
SAN FRANCISCO, Oct. 11.—Governor Johnson sent a telegram to the president urging him to visit California before the close of the San Francisco exposition. He said: "Personally and as governor I join in the petitions requesting you to come. It is our desire that you visit us, the wish to welcome you is statewide, and our people with fondest hopes bid you to come."

## AEROPLANE FALLS 1000 FEET TO HIS DEATH

(By Associated Press.)  
SAN DIEGO, Oct. 11.—Lieut. Walter Tallafiero, stationed at the army aviation school at North Island, fell 1000 feet in an aeroplane into San Diego bay and was killed. The body has not been recovered.

## MORMON COLONIES SAID TO BE IN GRAVE DANGER

(By Associated Press.)  
EL PASO, Texas, Oct. 11.—Grave anxiety is felt for 500 members of the Mormon colonies of the Casas Grandes district when news of the recognition of Carranza becomes known to the Villa army there. The colonists, who have already been urged by Secretary Lansing to leave, have refused to desert their properties.

Federal authorities in connection with cold storage legislation, the inspection of sterilized meats, the enforcement of stock car fumigation,

## COSTLY CHECK TO TEUTONIC ADVANCE

### Between Seven and Eight Thousand Germans Killed in the Assault on Loos

(By Associated Press.)  
PARIS, Oct. 11.—The Germans left dead, estimated at between seven and eight thousand men in front of the allies' lines after their ineffective assaults of the last few days in the vicinity of Loos, according to an official statement. The war office alludes to the outcome of the fighting as a "grave and costly check" to the Germans.

## PAYDAY AGAIN DELIGHTS TONOPAH PEOPLE

Payday this month came twenty-four hours late, owing to the 10th falling on Sunday, but, at that, it was as welcome as ever. The amount distributed for the payroll, officers' salaries, supplies, power, etc., was as usual about, or a little in excess of, \$400,000. This included the pay not only of the men working in the mines, but the employees in the mills and company offices. While the business houses cashed many thousands of dollars' worth of checks, both banks did a land office business all day.

## LOUISIANA MINISTER KILLS MAN IN STUDY

INTRUDER'S PRESENCE AT RECTORY CANNOT BE SATISFACTORILY EXPLAINED

(By Associated Press.)  
NEW ORLEANS, Oct. 11.—Rev. Byron Holley, rector of St. George's Episcopal church, one of the most fashionable congregations in the city, shot and killed Lansing Pearsall, son of a prominent railroad man. Holley said he thought Pearsall was a burglar. The rector heard a noise in his study and as the intruder did not answer when accosted, but made motions as if to draw a weapon, the minister fired. Pearsall's presence there is unexplained. He lived several blocks from the Holley home.

## RANCH LADY BREAKS ANKLE AND CRAWLS HALF MILE

Mrs. J. P. Connors of the Island district met with a most painful accident a few days ago. In walking across a bulkhead on the ranch she broke through, falling in such a position that her left ankle was broken. She was alone and not being able to summon help, she crawled nearly a half mile to the house, showing remarkable fortitude in the trying ordeal. Thursday the limb was placed in a plaster cast, and Mrs. Connors is reported getting along very nicely. —Churchill Eagle.

## WHY THIS IS GOOD PAYDAY

A miner, who no longer draws his daily wage, but is engaged in leasing and is recompensed for his labor whenever he makes a shipment, remarked today that it was a big thing for Tonopah to have the wage output remain just as it was a few months ago, for it showed a heavy increase in money circulated anyway, by reason of the fact that the tributaries in the Montana and Midway are putting out about \$5000 a week and the greater part of that goes for labor, making a neat little accession to the old wage scale.

## MATTER OF AN ESTATE CLOSED CONDITIONALLY

Owing to the death of James F. Dennis, an attorney for the estate of Frank Bradley, deceased, and the removal from Tonopah and later marriage of the administratrix, Alma W. Dennis, the estate matter has been deferred in settlement. A report was presented to the district court in the matter and it was decreed by Judge Averill that the estate be ordered closed conditionally, to be opened at the request of Catherine Sticker for such other proceedings as may be proper.

## DALE STORE MAKES VERY ATTRACTIVE COFFEE PRICES

Very attractive cash specials in coffee are offered by C. C. Dale & Co. for the week beginning today. The company has a latest type mill and modern roaster, both of which were installed at considerable expense, but the results merit the outlay. The four prices quoted in the ad in the Bonanza are for four distinct grades, all good, but some better than others and the best unexcelled for quality. Doubtless the Dale store will have a big run on coffee this week.

## MAN PARBOILED IN ELKO HOT SPRINGS

The remains of a man were found floating in the big hot hole south of Elko. He was evidently a tramp and was probably drowned days ago while visiting the pool. He may have fallen in or committed suicide. The body was dressed in blue overalls and jumper. The remains were conveyed to Keyser's undertaking parlors. Coroner Castle held an inquest. There was nothing on the body by which it could be identified.—Independent.
